Currently, IDPH is reporting a total of 92,457 cases, including 4,129 deaths, in 100 counties in Illinois. The age of cases ranges from younger than one to older than 100 years. Within the past 24 hours, laboratories have reported 23,047 specimens for a total of 561,649. The statewide 7-day rolling positivity rate is 15%.

The Illinois Manteno Veterans' Home (IVHM) is reporting the passing of a third resident with COVID-19. Since the beginning of the pandemic, 63 individuals at IVHM have contracted COVID-19, including three cases who have passed away.

*All data are provisional and will change. In order to rapidly report COVID-19 information to the public, data are being reported in real-time. Information is constantly being entered into an electronic system and the number of cases and deaths can change as additional information is gathered. Information for deaths and counties previously reported have changed, therefore, today's numbers have been adjusted. For health questions about COVID-19, call the hotline at 1-800-889-3931 or email dph.sick@illinois.gov.
